JUNE 10-12, 2026

CALL for Special Sessions

The IEEE MetroInd4.0&IoT 2026 Organizing Committee invites proposals for Special Sessions on new or emerging topics in metrology for industry4.0 & IoT that have the potential to have a major impact on the field in the near future.

Special sessions have the main aim of creating a mini-workshop on a specific topic, where researchers working on the same argument can make knowledge, familiarize, exchange ideas, create cooperation. They gather together researchers and students interested in a specific topic and can strongly contribute to the success of the conference itself. Moreover, they can be the first step for trainees and students to the organization of a scientific event.

Special Sessions are expected to be related to the conference theme or especially hot topics within the conference scope, provide a focused discussion of new and innovative topics. All submitted papers undergo the same review process.

SPECIAL SESSION PROPOSALS

Special Session **proposals** must contain the following information:

- Title of the proposed Special Session;
- Names, affiliations, and contact information of the session organizers;
- Brief biographies of the session organizers;
- Brief description of the proposed session with a list of the related topics.

Special Session Proposals must be submitted through the submission website at
